Mission Study Conversations

Room M312

This is a repeat of the 4 week conversation class held during Sunday school in August and early September. As a congregation, we always seek to examine ourselves and our actions in the light of scripture, and prayerfully ask God's guidance as we try to determine the work that God wants us to do in a certain time and place. The Mission Study is required as part of faithfully following Christ and appropriately discerning the type of leadership needed for the future. During these weeks in SNL, we will have a chance to examine our faith to better see what God is calling us to do in this particular time and place. If you missed the Sunday school conversations, this is your chance to join the conversation

Planning for Life and Beyond

Room M210

These guided workshops will provide an opportunity to learn about and work through the various documents that will express your wishes regarding difficult medical and end-of-life decisions. Each session will include tools and time for decision-making. Adults of all ages and stages in life (young families, middle aged, retirees) are encouraged to make time for these important workshops.
