Contact information is never public or searchable on the Internet. Any information you elect to make visible to your church family is always protected behind a login. Authorized staff will always have access to your profile information. For safety reasons, sharing contact and personal information for children under 18 is limited. Parents determine whether or not to display their child's name in the church directory. Children under 13 may not participate and will not be able to sign in.

3. OTHER ITEMS TO EXPLORE

On the left side of your computer screen, you will see a list of Items to Explore:

NEWS: is your News Feed, similar to your news feed on other social media. Once we begin to post upcoming events and other communications you will see information from your specific groups appear on your News Feed.

DIRECTORY: This is the Online Directory where contact information for those who have opted-in to the online directory will be located. There is a search bar at the top where you can enter the name of the person you are trying to locate (first & last work best). Once you locate the person you are looking for, click on that person's name to open a screen where their contact information will be visible to you if you have permission to view their information.
